## **BPOC Course Description**

The Texas Commission on Law Enforcement (TCOLE) Basic Peace Officer Course (BPOC) is a comprehensive state-mandated training academy. It combines academics, hands-on skills, and physical training to prepare cadets for the state licensing exam and a career as a Texas peace officer.

The course is provided by law enforcement academies and licensed training providers. The BPOC course at ACC has a duration of over 800+ classroom and practical training hours, typically taking 21-weeks to complete.

During the course, cadets must maintain an 80% or higher average on written examinations, participate in physical fitness assessments, and demonstrate proficiency in technical and tactical skills.

The BPOC curriculum is broken into specialized modules, including: Texas Penal Code, Code of Criminal Procedure, Transportation Code, Health and Safety Code, Family Code, Texas Alcoholic Beverage Code, related case law, arrest and search laws, evidence handling, firearms, defensive tactics, weapon retention, use of force, patrol procedures, traffic stops, Standardized Field Sobriety Testing (SFST), Emergency Vehicle Operators Course (EVOC), interpersonal communication, cultural diversity, and handling domestic violence or victim crises.

Upon successful attendance and completion of all training modules, cadets receive an endorsement for the TCOLE Peace Officer Licensing Exam.
